Plan Committee Leader Approval By: Colleen Stapleton  
Treasurer Approval By: Kelli Hunter  
Superintendent Approval By: Rick Bowman  
eTech Ohio Reviewer: Michael Edwards  
eTech Ohio Certified Date: 2013-04-12

Congratulations!

Your technology plan has been approved by eTech Ohio. The Certification Period is valid from

July 1, 2012 - June 30, 2015

Please retain this document for future reference. A copy of this Technology Plan Approval Certification is also available in your district's technology plan archive within the Technology Planning Tool (TPT) application. Please note that an approved technology plan is an eligibility requirement for most eTech Ohio grant programs and some E-Rate filings.

Evaluation is a critical component of technology planning. Therefore, even though your technology plan has been approved for three (3) years, eTech Ohio recommends that you review and revise your plan regularly, at minimum on an annual basis, to accommodate emerging technologies and other changes.

If you have any questions, please do not hesitate to contact eTech Ohio.

Sincerely,

A handwritten signature in black ink that reads "Greg Davidson".

Greg Davidson  
Executive Director, eTech Ohio
